Start your new adventure with us!

You are looking for an employer who takes you to the next level. You want to work on a team which values your ideas. You want to participate in developing and creating the future of BBHT Solutions. Then join us as

Software Developer (f/m)

in Cluj-Napoca, Romania

Your responsibilities

- scope, define and build highly scalable, performant and maintainable software
- develop modern client-server-applications with web frontend and Java backend for our clients
- technical implementation of business requirements in agile or classic development teams
- coordinate with business units & test teams as well as communicate development progress and results
- cooperative partnership & open communication with our clients abroad

Your qualifications

- a successfully completed university degree, ideally in computer science, mathematics, physics or comparable
- experience in developing Java-Enterprise applications e.g. with Spring, Spring Boot
- knowledge in databases like MS SQL, Oracle DB or PostgreSQL
- experience with design and implementation of RESTful APIs
- experience with modern development tools like Git, Jenkins, Maven or Sonar Qube
- interest in DevOps and Cloud technologies like Docker, Kubernetes or Terraform
- experience or interest in continuous integration and delivery, TDD, Clean Code & test automation
- fluent knowledge of German and willingness to travel to Germany

We offer you

- a permanent position and the chance to collectively develop the company itself
- independent work, challenging & innovative projects with renowned clients
- qualified and continuing education, joint trainings and company events
- good work-life balance by flexible working hours, overtime compensation through time off and 25 days of vacation
- home-office days and high quality, personal IT infrastructure

BBHT Solutions is an ambitious and with the help of our employees designed consultancy with its office in Cluj-Napoca.
